Re: Permit Required, Lakeview Rock Products, Inc., Beck Street Quarry, M/035/020, Salt Lake County, Utah

Dear Mr. Larsen:

Thank you for the information furnished to the Division on January 21, 2003, concerning Lakeview's Beck Street Quarry. This information will be useful when the Division begins to process a formal large mine permit application for this site.

We request that you submit a Notice of Intention to Commence Large Mining Operations (LMO) to this Division within 45 days or by April 21, 2003. Form MR-LMO and a copy of the Utah Mined Land Reclamation Administrative Rules are enclosed to assist you in preparing your application.

In your response you state that Lakeview presently has a reclamation plan on file with Salt Lake City. We request that you also furnish a copy of this plan with your completed LMO Notice. The submittal of a copy of the Salt Lake City Reclamation Plan is necessary to determine its adequacy to meet State reclamation standards.

If you have any questions regarding this letter or the LMO application form, please call me at (801) 538-5286 or Doug Jensen at 538-5382. Thank you for your cooperation and prompt attention to this request.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
